### **HIGHWAY 67/167 WORK BEGINS SHERWOOD LANE SHIFT SCHEDULED**

**LITTLE ROCK (6-1)** Crews working on the one-mile long widening project of Highway 67/167 between Kiehl Avenue and Highway 440 will shift the southbound lanes overnight on Wednesday, June 2, beginning at 7:00 p.m., according to Arkansas State Highway and Transportation Department officials.

Weather-permitting, the lane shifts will be completed by 6:00 a.m. Thursday. Traffic in both directions will be separated by a concrete median barrier on the northbound side as crews work to remove the old southbound pavement and construct three new lanes.

Motorists should exercise caution when approaching and traveling through all highway work zones.
